## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

The limitations of claim 3, which have been added to independent claims 1, 9 and 17, regarding the bail base being uniform throughout the length of the bail, and the bail being free from having a living hinge, read over the prior art of record with regard to Drogos in view of Schaper, and Drogos in view of Andersen. With respect to claim 1, Schaper teaches a U-shaped cross-section, but also teaches the bail tapering wherein the bail base is not uniform throughout the length of the bail. Neither Drogos or Schaper teach a bail being free of a living hinge, wherein both references disclose a hinge. With respect to claims 9 & 17, neither Drogos or Andersen teach the bail being free from having a living hinge, in addition to the bail having a base and sidewalls.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
